### **Background and objectives of the project assigned**

This is a website which gives all the information about a APEX Sports Club, helps the users to register for different kind of sports of their choice with little bit of information of the sports where they are being conducted.

The website has been developed using HTML, JavaScript, CSS. HTML is a markup language which is a backbone of any site, any site cannot be structured without the knowledge of HTML.

HTML: Page layout has been designed in HTML.

CSS: CSS has been used for all the designing part.

JavaScript: All the validation task and animations have been developed using JavaScript.

If we make our web page only with the help of html, then we cannot add many of the effective features in a web page, for making a web page more effective we use various languages such as CSS and JavaScript that we have used in our project.

As the world is adopting cutting edge technologies, internet has become ever powerful way to show our presence, achievements, provide information, do admission procedures, notice, provide custom email that can give others access to offers provided by us having a better website is important.

This site contains:

- Home Page
- Registration form
- Gallery
- About club
- Contact us

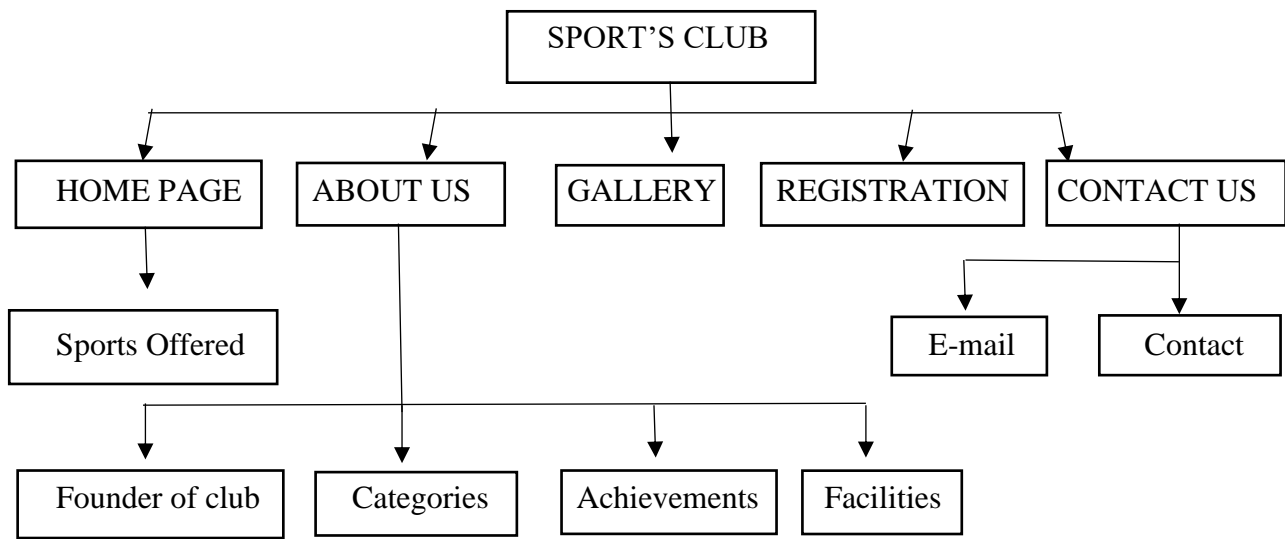

**Objectives:**

- Facility to register for training for different sports.
- Opportunity to learn from different trainers of each sport.
- This site basically gives all the information a visitor needs to enrol for club.

**Outcomes:**

- We were able to create many pages and a link them with each other.
- Understand the concept and implementing CSS.
- Designing web pages.
- We discovered how does web works, what makes web sites to work.
- I learned to do team planning and taking responsibilities toward team.
- We learned leadership skill and to work in a team.

**Representation components of web site in flow chart form**

### **Description of Work Division in terms of Roles among Students**

Aniket: Project planning and outline which is most important thing in a project, this is given by him. While discussing to all the team members outline was finalised. Created the homepage and contact us page.

Swatej: To get the membership of this was club, filling the registration form is compulsory. Giving the benefit of doing these things online at our own pace this was the idea given by him. Created the gallery and registration page.

Dheeraj: Gave the idea about the sliding photos in the homepage so that images slide automatically, the person should not have to slide them manually. Created the about us page and helped in making homepage.

Finalising the colours, images and styling was done by all, after discussion among team members.

Pictures were overall selected by all. Instead of giving the work to one person we divided everything. Report work was divided among all, we volunteered ourselves who will be writing which point. Firstly, we all wrote the html part, then one by one we used CSS and JavaScript into it, we all learned new things while designing this which helped us in understanding the concept very well.

### **Implementation of scheduled work of Project**

Whenever you open a website we land at homepage, in a similar way when anyone open our website, they will land at homepage in which it contains on the top right corner options – home, about club, gallery, registration, contact us. On clicking on that option, we can go to particular page.

After that it has a moving line which reads registration open, then below that sliding photos are there which slides automatically.

Below that it has description about the sports club which is the far most important thing about club. On the left of that it has all the sports offered in our club, then the name and logo of the sponsors.

The screenshot shows the homepage of the Apex Sports Club website. At the top left is the club's logo, and at the top right is a navigation menu with links: Home, About club, Gallery, Register now, and Contact us. A large yellow banner in the center reads "Registrations open !!! Hurry up !!!". Below the banner is a large image of a modern sports building with a green field in front. Underneath the image is a row of six small circular icons. On the left side, there is a blue sidebar with the heading "Sports offered" and a list of sports: FOOTBALL, VOLLEYBALL, BADMINTON, SWIMMING, and ATHLETICS. Below the list is the text "Get chance to participate in". At the bottom of the sidebar are logos for "KHELO INDIA" and "SPRINT". The main content area on the right has the heading "Start training now" and contains motivational text and quotes. At the bottom of this area is the text "Sponsored by" followed by the "SPRINT" logo.

**Registrations open !!! Hurry up !!!**

**Sports offered**

- FOOTBALL
- VOLLEYBALL
- BADMINTON
- SWIMMING
- ATHLETICS

**Get chance to participate in**

**KHELO INDIA**

**SPRINT**

**Start training now**

"To shine like a star we have to burn like sun" with this thought in our mind we are moving toward our goals. We teach our athletes that they must not be upset from loss instead they must analyse their mistake and put more effort to win next game.

We personally focus each and every athlete and train them to overcome their weaknesses. We train all the athletes in both academic as well as in their game.

" Winners are not who never fail, they are the people who never quit. "

" If you give up, it means you never wanted it. "

**Sponsored by**

**SPRINT**

### About club page:

This page contains different division of the part in it.

Divisions are –

- Founder of club – if the person wants to know about the past and how the club has started who gave the idea about the club.
- Categories – it contains the different kinds of sports which is in our club which we provide training to all.
- Achievements – it contains different achievements which our members won in different competition, time to time updating is required of this division.
- Facilities – for different sports we provide different facilities, which members must be aware for before filling the registration form.

## About club

### FOUNDER OF CLUB

This club was founded by a great sportsman named Dheswani Bharti. He has build this kingdom to make players ready to compete at any level. He says, "Practise like devil and play like angel".

### CATEGORIES

Our club have athelete belonging to age groups U-13, U-17, U-19 and U-21.  
We train atheletes in following games ==>

- Football
- Volleyball
- Badminton
- Swimming
- Track events

### ACHIVMENTS

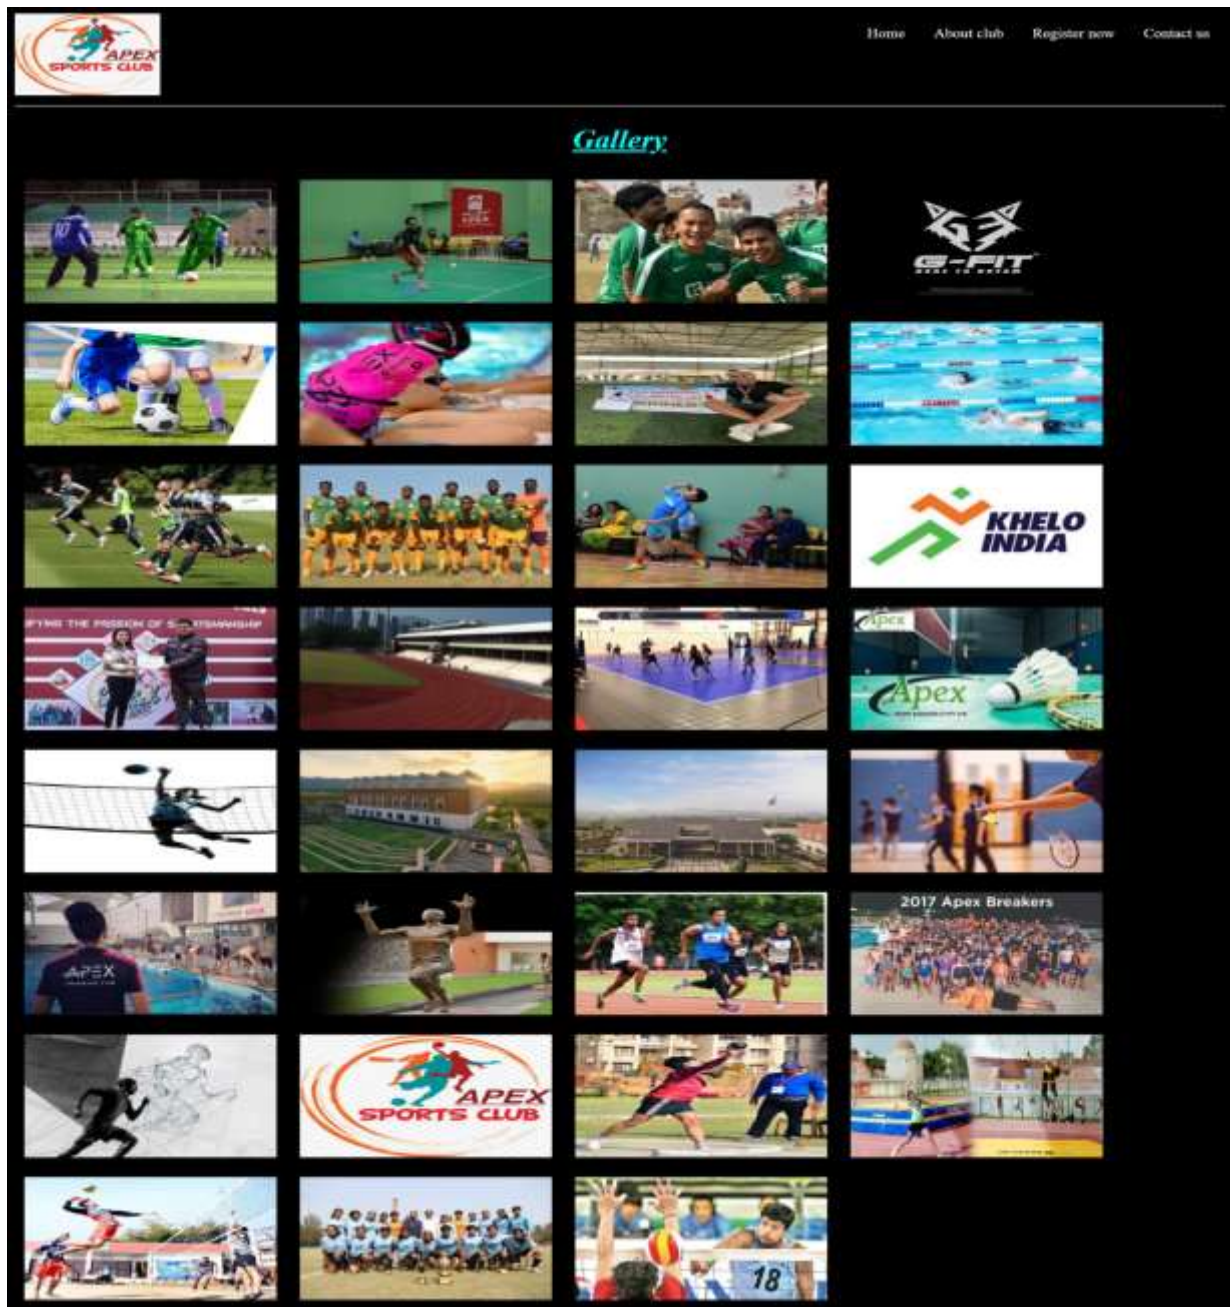

Many atheletes from this club have made their way to national team and lot of atheletes are shining like a bright star in many events organised at national level. Our U-17 football has qualified of AFC U-17 Championship held in Dubai. Our volleyball team is now one of the best team in India at this moment. Recently one of our athelete has broken record of 290m at national games held in Delhi in january 2020. Athletes from our club get chance to participate in **Khelo India Games**. Many atheletes from our club have participated at international level and have won events.

### FACILITES

We have lush green campus of 900 acres of land designed with all the facilities need by atheletes. We have both indoor and outdoor stadiums in our campus. Our indoor stadiums consists of badminton courts, Volleyball courts and a olympic size swimming pool helping our atheletes to admire new skills to achieve success toward their goals. Our outdoor stadium consists of a football ground along with tracks at outer part. Our campus have well developed medical facilities with world class doctors to ensure fitness of atheletes.

**Gallery:**

Every person asks about the interior of our club how it looks, so we added the option gallery which has many pictures of our club and achievements and our athletes playing different sports.

### **Registration:**

For being the member of our club, the person needs to fill the registration form with correct detail of his/her which is required. If we found any wrong detail then that person's registration will be cancelled and will never be able to register in future.

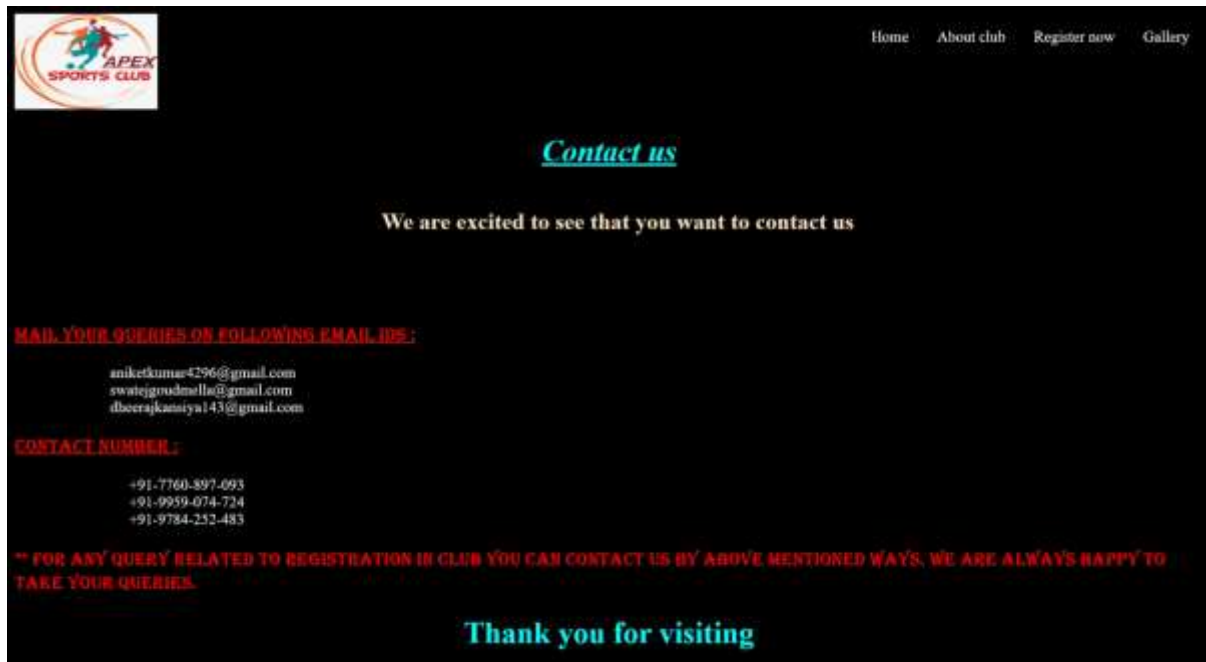

After confirming the details, the person can click on the submit button and confirm the registration, and by clicking on reset button all the details will be cleared which the person has mentioned for each field.

### **Contact us:**

While knowing about the club or registration or any other issue regarding the club that person can contact us, which contains first our email and then contact number.

### **Technologies and Framework to be used:**

We have used VS code and notepad for writing our code for project. We have used google chrome to get images for project. We have collected information for the club from the real APEX Sports Club situated in various parts of India as well as world. We have referred W3School for learning code for sliding images part of project.

### **SWOT Analysis achieved in project:**

1. Strength ➔
  - a. We have used CSS and JavaScript along with HTML to give exciting look to it.
  - b. On the home page we provided direct links to access all the functionalities.
2. Weakness ➔
  - a. It opens all links in tab which may lead to multiple pages to open at a time.
3. Opportunity ➔
  - a. Through this web site visitors will be able to able to register themselves for the club.
  - b. This is a good platform to get registered in to one of the top clubs and earn name and fame in world.
4. Threats ➔
  - a. There might be any third-party website trying to provide you fake registration form and grab money.
  - b. The buttons below slide show is just to show number of images in slide show, it does not respond on clicking on it.

***Thank you***
